

The top management of the company ELEKTROVAT d.o.o. establishes the following IMS Policy, as a document that determines the mission, vision and strategy for its realization:

INTEGRATED MANAGEMENT SYSTEM (IMS) POLICY

The company ELEKTROVAT d.o.o. bases its business success on engineering, design, production of electrical equipment and execution of works in the field of strong and weak current. The established integrated management system aims at a sustainable business, harmonization and satisfaction of the interests of the company, users and other interested parties.

The basic principles on which the business is built are defined according to the requirements of standard management:

SRPS ISO 9001:2015
SRPS ISO 14001:2015
SRPS ISO 45001:2018
SRPS ISO/IEC 27001:2014
SRPS EN ISO 50001:2018

- Planning business processes and activities that affect quality, environmental protection, safety and health at work, information security and energy efficiency through the application of risk management, through risk prevention and use of opportunities;
- Process approach in business, with constant optimization and improvement of business processes and achieving positive business and financial results;
- Providing customer service in an effective and efficient way, with top quality and reasonable deadlines at competitive prices;
- Retaining existing and conquering new markets;
- Safety and health at work of employees and other interested parties;
- Proper employee attitude and care for the environment;
- Security of our own information as well as information of our users and other interested parties;
- Design and delivery of energy efficient electrical equipment and plants;
- Adoption and application of new knowledge and raising awareness of employees, users and other interested parties on the importance of quality, environmental protection, safety and health at work, information security and energy efficiency;
- Establishing mutually beneficial and partnership relationships with partners and suppliers;
- Application of modern computer business support and improvement of communication with users and other interested parties;
- Compliance of business with legal regulations, technical standards and the requirements of the interested parties.

High proficiency, competence, responsibility and motivation are the most important characteristics of our employees that contribute to achieving the goals of IMS and constantly increasing the satisfaction of users and other interested parties.
